Archival printing.
Sculptural metalwork.
Inspired contemporary ceramics.

Individually handmade, these luminous giclee art shades, printed in our studio, offer our signature look in a new luminous art form. Atop brushed copper, sculptural pewter and natural slate, each artful shade may be accented with unique charms or selectively pierced for sparkle. Complete with a pewter hallmark "U", each shade is signed and dated.

Lamps are measured from bottom of base to top of shade. All measurements are approximate.

Welcome to the world of Ugone & Thomas pillow collection. Inspired by nature and pattern with a decidedly modern, one of a kind feel. Impeccable quality and craftsmanship, fine oyster linen and tapestry fabrics, these pieces are individually made here in the U.S.A. We are so pleased to present our new collection of Ugone and Thomas artful accent pillows. Our signature graphics are now printed on 100 % linen, here in the U.S.A. Classic square, long stretch lumbar and quirky spheres make up this hybrid collection that is a sure mix of classics and sculptural accents.

Each pillow is backed with a beautiful complementary textile. Please note that some of these backings are limited runs. We will always ship the specified color way, as noted below, but the actual pattern on the reverse may vary. Each pillow will be shipped with a poly fill insert or request down fill (75% down, 25% feather) for an additional fee of \$15.00.
